COVID-19 Phone Screening Questions for Research Recruitment at Center for Advanced Brain Imaging (CABI)

(To be completed on Day 1 of recruitment)

Note: Please print and keep all three pages together. You will need to present these to CABI staff on the day of the MRI scan.

IRB#: __________________ PI Last Name: _____________________________

Subject Name/ID/Initials: ________________________________

Research Personnel’s Name: ______________________________

Date, Time of Phone Screen: ________________________________

Script for Research Staff:

“For health safety reasons, and to help prevent the spread of the Coronavirus, we are asking a few questions regarding how you are feeling and any cold or flu-like symptoms you may have, before you are scheduled for the MRI portion of this study at our imaging center.”

1. “Have you had a fever greater than 100.4 within the past 14 days?”
   _____NO______YES

2. “Have you had new or worsening cough within the past 14 days?”
   _____NO______YES

3. “Have you had new or worsening shortness of breath, or other respiratory symptoms within the past 14 days?”
   _____NO______YES

4. “Have you had a loss of your sense of taste and smell within the past 14 days?”
   _____NO______YES

5. “Have you, or anyone close to you, had close contact with a person who has tested positive for COVID-19 or is under investigation for COVID-19?”
   _____NO______YES

6. “Have you traveled domestically to any other major cities within US, or internationally within the last 14 days?”
   _____NO______YES

If NO to 1-6: If regular inclusion criteria are met then you may schedule the MRI scan. “Please inform us of any change in status of your symptoms or potential exposure or travel. One day prior to the scan we will ask you these questions again over the phone. However, for now please plan on the MRI visit on [DATE]. Can I answer any questions you may have?”

If YES to either question: “Out of an abundance of caution, we must reschedule your in-person appointment. You will be contacted by a member of the study team in 2-3 weeks. [If the subject has fever:] We recommend you self-quarantine (stay at home) and contact your healthcare provider. Thank you for your understanding”. Research personnel should then contact CABI staff about cancelation of any MRI reservations pertaining to this subject.
